1. The Yugoslav UDB allegedly learned that the entire military strength on the Hungarian side of the Yugoslav border consists of one poorly-equipped Soviet tank division which is constantly shifted to new locations along the border for deception purposes.
2. The Yugoslavs are most anxious to keep this information secret since they hold to the theory that the more frightened the West becomes over the threat to Yugoslavia, the more anxious it will be to help.
3. The Yugoslav defense preparations in Slovenia and Croatia follow the old partisan patterns:

Old hideouts and caches being restocked with light weapons. The following localities are being equipped with materiel from the Ljubljana depot:

Kocovski Gorjanci; Kocovski Rog, Bohinjaska Dolina, Pohorje, Jelenje, Gerovo, Gorjanci.
